

# Year 10 Information Evening

Mrs H. Pardoe  
Head of Year 10

# New Grading Systems

Old GCSE Grades	U	G	F	E	D	C	B	A	A* and Additional Skills/Content	
New GCSE Grades	U	1	2	3	4	5	6	7	8	9

## Notes:

- Bottom of grade four anchored to old C/D borderline
- Grade 5 is aligned with top third of the old grade C and the bottom third of the old Grade B. This is now the internationally used benchmark grade (as C used to be) in an aim to raise standards.
- A grade 7 or above will be the same as those who are awarded A – A\*
- Half the proportion awarded an A\* on the old system should achieve a 9 (Additional skills and Content). Done in order to award the 'Exceptional'.

# What Can You Do to Help?

- Attendance
- Encourage your son/daughter to be well equipped for exams & lessons
- Study Buddy – question & answer sessions, quiz them,
- Entertainment – time to work; time to play. Ensure balance between study and rest (and monitoring social networking time)
- Reward for effort (not bribery!)
- Go-between – contact school for support
- Keep students focused on work
- Make sure all work is up to date – check journals and FROG; always time needed to revise
- Revision timetable - help them plan ahead
- Students must have 'downtime' throughout

# School Resources

- Wealth of knowledge & support in school:
  - Subject Teachers
  - Form Tutors
  - Year Leader
- All students & parents have a log on. →
- FROG website

# Contact/support

## **Subject Support**

Contact your child's subject teacher or the subject leader

## **Pastoral Support**

Myself (Head of Year):

[H.pardoe@st-Nicholas.cheshire.sch.uk](mailto:H.pardoe@st-Nicholas.cheshire.sch.uk)

Ashley Evans (Learning Mentor):

[A.evans@st-nicholas.cheshire.sch.uk](mailto:A.evans@st-nicholas.cheshire.sch.uk)

# The Retreat

# GCSE RELIGIOUS STUDIES

**RELIGIOUS EDUCATION IS THE “CORE OF THE CORE CURRICULUM” IN A CATHOLIC SCHOOL (POPE ST JOHN PAUL II)**

# Core of the Core

---

“Placing RE at the core of the curriculum in Catholic schools helps the school to fulfil its mission to educate the whole person in discerning the meaning of their existence, since “Religious Education is concerned not only with intellectual knowledge but also includes emotional and affective learning.”

Furthermore, religiously literate children and young people are able to engage in a fully informed critique of all knowledge, “leading, for example, to an understanding of the relationship between science and religion or history, and between theology, sport and the human body.”

# GCSE RELIGIOUS STUDIES

---

## EDEXCEL: SPECIFICATION **A** full course)

Paper 1:	Catholic Christianity (50%)	1 Hour 45 min
Paper 2:	<b>Judaism</b> (25%)	50 min
Paper 3:	Philosophy and Ethics (25%)	50 min

<https://qualifications.pearson.com/en/qualifications/edexcel-gcses/religious-studies-a-2016.html>

# What we do

- ✓ There will be regular assessment and monitoring throughout the course.
- ✓ At the end of each unit there will be an end of unit test.
- ✓ Mock exams will take place in Year 10 & 11.
- ✓ Parents will be kept up to date if a student is falling behind. (T&M/ reports/ parents' evening and communication home)
- ✓ Homework will be set regularly and students will receive feedback.
- ✓ Students have subject knowledge checklists for each unit.
- ✓ We frequently recall a review previous topics.

# HOW YOU CAN HELP?

- Little and often – this can be conversations in the car, alphabet challenge, play devils advocate, ask them to give the catholic view point on things in the news and to back it up with teachings.
- Familiarise yourself with the specification and ask questions based on it, the subject knowledge checklist can be good for this (even if you don't know the answer)
- Highlighting is a starting point
- Ask your child to teach you

Research has proven that “Only two of 10 revision techniques examined turned out to be really effective - testing yourself and spreading out your revision over time.”

“Students who can test themselves or try to retrieve material from their memory are going to learn that material better in the long run“

50% of the marks available in r.e are now given for the candidates ability to Analyse and evaluate

Revision guide – it covers the entire course

These are workbooks, the students will write in these directly. Great for those who aren't sure where to start when it comes to revision and for parents to monitor

# CONTACT

[D.Freestone@st-nicholas.cheshire.sch.uk](mailto:D.Freestone@st-nicholas.cheshire.sch.uk)

[R.Butler@st-nicholas.cheshire.sch.uk](mailto:R.Butler@st-nicholas.cheshire.sch.uk)

# GCSE English – some changes from the past

- Controlled assessment has been removed
- Both courses, Language and Literature, are examined at the end of Year 11
- Students will be awarded a number from 1-9 rather than a grade from A\*-G
- Speaking and Listening is still teacher assessed but will not count towards the final mark / grade – pass/merit/distinction

# Overview of the courses

- Still two GCSEs – English Language and English Literature
- Both count equally and independently of each other
- Both courses test the same skills as in the past
- Students will study them side by side

# English Language

- Equal split between reading and writing, with speaking and listening graded separately
- Two exams, both with a reading and writing question:
  - Paper 1 – literary fiction and creative writing
  - Paper 2 – non-fiction and writing to present a viewpoint
- Both exams are 1 hour and 45 minutes and marks are split 50/50

# Implications for Students

- More straightforward than in the past
- A lot rests on two exams
- Studying extracts from a range of different texts – the more they read a variety of texts at home, the better!
- Students **have** to be focused throughout Year 10 if they are to be successful in Year 11

# English Literature

- A wide range of texts:
  - A Shakespeare play
  - Poetry from 1789 – present day (Anthology provided)
  - A 19<sup>th</sup> century novel
  - A modern play
  - Unseen poetry

# English Literature

- Students will sit two exams:
  - Romeo & Juliet and The Strange Case of Dr Jekyll and Mr Hyde – 1 hour and 45 minutes
  - An Inspector Calls, Poetry Anthology and Unseen Poetry – 2 hours and 15 minutes
- For this course, the marks are split 40/60 between the two exams

# Implications for students

- All work is assessed at the end of the course and over two examinations
- Students will not have access to copies of the text and so must learn the content of each in detail
- We strongly advise that pupils purchase their own copies of the text so they can add annotations. However, copies will be available in lessons. **These are available to purchase through parentpay.**

# Grades

- The exam boards will not allocate grades until **after** the examinations
- Three year groups have now sat the examination so our understanding of the new grading system is strengthening.
- Internal assessments will be used to inform student progress and will be set against available grade boundary information

# Internal Assessments

- Students will sit these at fixed points along the course
- Tasks will be set based on specimen assessment materials the exam board have provided and marked using their mark scheme; this will be fed back to students. Last year's papers will also be used to help with this

# How you can help at home

- Ensure students are completing homework fully and on time, somewhere quiet and undisturbed
- Buy them copies of the texts so they can use them in class for annotation and at home for revision
- Ensure they are using the revision materials available on Frog.

# How you can help at home

- Encourage students to be reading – novels, newspapers, even magazines if the journalism is of high quality, to help develop their skills
- Help them improve their written accuracy by checking work **for any subject** and looking at their sentence structure, spelling, grammar and punctuation

# Maths

# Course overview

- 'Five year' GCSE
- Sets 1a, 1b and 1c sit Higher (grades 9-4)
- Sets 2 and 3 sit Foundation (grades 5-1)

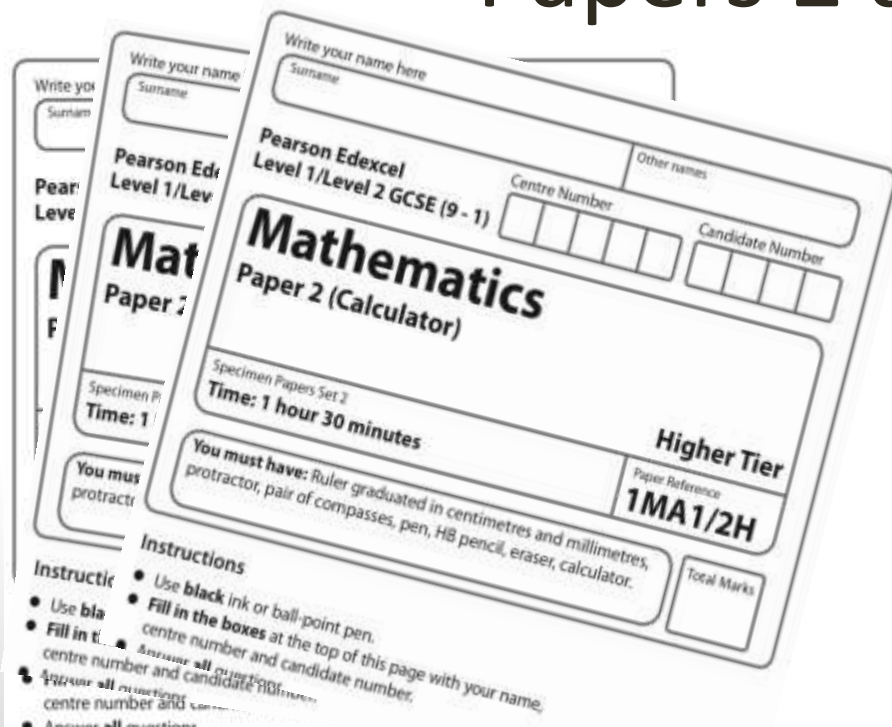

# Course overview

Three papers

Paper 1 – non calculator

Papers 2 and 3 – calculator

90 minutes each

# Revision guides

Coming to parent pay by the end of next week

# Practice Workbooks

Coming to parent pay by the end of next week

## LCM and HCF

As if the previous page wasn't enough excitement, here's some more!

### LCM — 'Least Common Multiple'

The **SMALLEST** number that will **DIVIDE BY ALL**

If you're given two numbers and asked to find their LCM, just **LIST** and find the **SMALLEST** one that's in **BOTH lists**.

So, to find the LCM of 12 and 15, list their multiples (multiples of 12 = 12, 24, 36, 48, 60, 72, ...) and find the smallest one!

However, if you already know the **prime factors** of the numbers, you

- 1) List all the **PRIME FACTORS** that appear in **EITHER** number.
- 2) If a factor appears **MORE THAN ONCE** in one of the numbers, list it **THAT MANY TIMES**.
- 3) **MULTIPLY** these together to give the **LCM**.

**EXAMPLE:**

18 = 2 × 3 × 3  
So the prime factors are 2, 3, 3  
in either number.  
LCM = 2 × 3 × 3 = 18

### HCF — 'Highest Common Factor'

The **BIGGEST** number that will **DIVIDE INTO ALL**

If you're given two numbers and asked to find their HCF, just **LIST** the **FACTORS** of **BOTH** numbers and find the **BIGGEST** one that's in **BOTH lists**.

So, to find the HCF of 36 and 54, list their factors (factors of 36 = 1, 2, 3, 4, 6, 9, 12, 18, 36 and 54 = 1, 2, 3, 6, 9, 18, 27 and 54) and find the biggest one they have in common!

Again, there's a different method you can use if you already know

- 1) List all the **PRIME FACTORS** that appear in **BOTH** numbers.
- 2) **MULTIPLY** these together to find the HCF.

**EXAMPLE:**

180 = 2 × 2 × 3 × 3 × 5  
Use the prime factors to find the HCF.  
180 = 2 × 2 × 3 × 3 × 5  
2, 2 and 3 are common factors.  
HCF = 2 × 2 × 3 = 12

## LCM and HCF

1  $P = 3^2 \times 11^2$  and  $Q = 3^1 \times 7^2 \times 11$ . (4)

Write as the product of prime factors:

a) the LCM of  $P$  and  $Q$ .

[1]

b) the HCF of  $P$  and  $Q$ .

[1]

[Total 2 marks]

2  $X = 2^3$ ,  $Y = 2^3 \times 5^2$  and  $Z = 2^2 \times 5^2 \times 7$ . (5)

Write as the product of prime factors:

a) the LCM of  $X$ ,  $Y$  and  $Z$ .

[2]

b) the HCF of  $X$ ,  $Y$  and  $Z$ .

[2]

[Total 4 marks]

3  $A$  and  $B$  are different prime numbers. Find the LCM of  $A$  and  $B$ . (6)

[Total 2 marks]

# Calculators

Must be a scientific calculator

# Hegarty Maths

# Science at St Nicholas

Yr10 Parent Information evening

# The Courses

- ▶ AQA
  - ▶ Separate Science (Higher Tier – Grades 9 – 1)
  - ▶ Combined Science Trilogy:  
(Higher Tier–Grade 99–43)
  - ▶ Combined Science Trilogy:  
(Foundation Tier – Grade 55 – 11)
  - ▶ Tier of entry to be decided by teachers using data from Year 10 and 11 including unit assessments and mock exams.
- 

# Exam structure...

- ▶ All students will sit 6 exams in Science (2 x Biology, 2x Chemistry and 2 x Physics)

Practical skills – analysis and interpretation, evaluation and drawing conclusions

Maths skills – in a variety of contexts

Problem solving

# A-Level ?

- ▶ Current entry requirements for A level Biology, Chemistry and Physics are minimum Grades 55 or above;
  - ▶ It doesn't matter whether you have studied separate science or combined science – you can still do A-level sciences.
- 

# Key Resources

- ▶ FROG – lesson resources
  - ▶ Senecalearning.com
  - ▶ Kerboodle.com – online textbook and activities
  - ▶ Revision guides and workbooks (Parentpay)
  - ▶ Aqa.org.uk website – specification, past papers and mark schemes
- 

# Simple things make a difference...

- ▶ Homework is important in students practising and applying new skills learnt in lessons.
  - ▶ Encourage your child to read /discuss 'Science in the News'
  - ▶ Please ensure they check they have all the correct equipment including a ruler and calculator!
- 

# Support...

- ▶ Science dept offer the following support sessions at lunchtimes:
  - ▶ Tuesday – Separate Science S1
  - ▶ Wednesday – Higher Trilogy S1
  - ▶ Thursday – Foundation Trilogy in S1
- ▶ Any questions:
  - ▶ [c.povey@st-nicholas.cheshire.sch.uk](mailto:c.povey@st-nicholas.cheshire.sch.uk) or your child's class teacher
