

St Nicholas Catholic High School

Relationship & Sex Education Policy

2019-20

Mission Statement

***“We aspire to embrace the Gospel and its values,
Celebrating uniqueness and diversity.
Our learning, within an enterprise culture,
Is based upon trust and respect
Which define our relationship within the world family.
Everyone Matters.”***

Implementation and Review of Policy

This policy will be reviewed every year by the Head teacher, RSE Co-ordinator, the Governing Body and Staff.

Dissemination

The draft policy will be given to all members of the Governing Body, and all teaching and non-teaching members of staff. Copies of the document will be available to all parents through the school's prospectus and a copy is available in the school office. Details of the content of the RSE curriculum will also be published on the school's web site.

DEFINING RELATIONSHIP AND SEX EDUCATION

The DFE guidance defines RSE as “lifelong learning about physical, moral and emotional development. It is about the understanding of the importance of marriage and family life, stable and loving relationships, respect, love and care. It is also about the teaching of sex, sexuality and sexual health”¹. It is about the development of the pupil's knowledge and understanding of her or him as a sexual being, about what it means to be fully human, called to live in right relationships with self and others and being enabled to make moral decisions in conscience. The DFE identifies three main elements: “attitudes and values, personal and social skills, and knowledge and understanding”². (The Welsh Assembly Government envisages that effective school RSE programmes help learners to develop the skills and knowledge appropriate to their age, understanding and development to enable them to make responsible decisions about their relationships, sexual health and well-being.)

1 Sex and Relationship Education Guidance, DfEE, 2000

2 ibid

STATUTORY CURRICULUM REQUIREMENTS

We are legally required to teach those aspects of RSE which are statutory parts of National Curriculum Science. (There is also a separate requirement for maintained secondary schools to teach about HIV, AIDS and sexually transmitted infections. This does not apply to academies).

However, the reasons for our inclusion of RSE go further.

RATIONALE

‘I HAVE COME THAT YOU MIGHT HAVE LIFE AND HAVE IT TO THE FULL’

(Jn.10.10)

We are involved in relationships and sex education precisely because of our Christian beliefs about God and about the human person. The belief in the unique dignity of the human person made in the image and likeness of God underpins the approach to all education in a Catholic school. Our approach to RSE therefore is rooted in the Catholic Church’s teaching of the human person and presented in a positive framework of Christian ideals.

At the heart of the Christian life is the Trinity, Father, Son and Spirit in communion, united in loving relationship and embracing all people and all creation. As a consequence of the Christian belief that we are made in the image and likeness of God, gender and sexuality are seen as God’s gift, reflect God’s beauty, and share in the divine creativity. RSE, therefore, will be placed firmly within the context of relationship as it is there that sexuality grows and develops.

Following the guidance of the Bishops of England and Wales and as advocated by the DFE (and the Welsh Assembly Government) RSE will be firmly embedded in the PSHE framework as it is concerned with nurturing human wholeness and integral to the physical, spiritual, emotional, moral, social and intellectual development of pupils. It is centred on Christ’s vision of being human as good news and will be positive and prudent, showing the potential for development, while enabling the dangers and risks involved to be understood and appreciated.

All RSE will be in accordance with the Church’s moral teaching. It will emphasise the central importance of marriage and the family whilst acknowledging that all pupils have a fundamental right to have their life respected whatever household they come from and support will be provided to help pupils deal with different sets of values.

VALUES AND VIRTUES

Our programme enshrines Catholic values relating to the importance of stable relationships, marriage and family life. It also promotes those virtues which are essential in responding to the God’s call to love others with a proper respect for their dignity and the dignity of the human body. The following virtues will be explicitly explored and promoted: faithfulness, fruitfulness, chastity, integrity, prudence, mercy and compassion.

AIM OF RSE AND THE MISSION STATEMENT

Our Mission Statement commits us to the education of the whole child (spiritual, physical, intellectual, moral, social, cultural, emotional) and we believe that RSE is an integral part of this education.

Furthermore, our school aims state that we will endeavour to raise pupils' self-esteem, help them to grow in knowledge and understanding, recognise the value of all persons and develop caring and sensitive attitudes. It is in this context that we commit ourselves:

In partnership with parents, to provide children and young people with a "positive and prudent sexual education"³ which is compatible with their physical, cognitive, psychological, and spiritual maturity, and rooted in a Catholic vision of education and the human person.

3 Gravissimum Educationis 1

Objectives

To develop the following attitudes and virtues:

- reverence for the gift of human sexuality and fertility;
- respect for the dignity of every human being – in their own person and in the person of others;
- joy in the goodness of the created world and their own bodily natures;
- responsibility for their own actions and a recognition of the impact of these on others;
- recognising and valuing their own sexual identity and that of others;
- celebrating the gift of life-long, self-giving love;
- recognising the importance of marriage and family life;
- fidelity in relationships.
- To develop the following **personal and social skills**:
- making sound judgements and good choices which have integrity and which are respectful of the individual's commitments;
- loving and being loved, and the ability to form friendships and loving, stable relationships free from exploitation, abuse and bullying;
- managing emotions within relationships, and when relationships break down, with confidence, sensitivity and dignity;
- managing conflict positively, recognising the value of difference;
- cultivating humility, mercy and compassion, learning to forgive and be forgiven;
- developing self-esteem and confidence, demonstrating self-respect and empathy for others;
- building resilience and the ability to resist unwanted pressures, recognising the influence and impact of the media, internet and peer groups and so developing the ability to assess pressures and respond appropriately;
- being patient, delaying gratification and learning to recognise the appropriate stages in the development of relationships, and how to love chastely;
- assessing risks and managing behaviours in order to minimise the risk to health and personal integrity.

To know and understand:

- the Church's teaching on relationships and the nature and meaning of sexual love;
- the Church's teaching on marriage and the importance of marriage and family life;
- the centrality and importance of virtue in guiding human living and loving;
- the physical and psychological changes that accompany puberty;
- the facts about human reproduction, how love is expressed sexually and how sexual love plays an essential and sacred role in procreation;
- how to manage fertility in a way which is compatible with their stage of life, their own values and commitments, including an understanding of the difference between natural family planning and artificial contraception;
- how to keep themselves safe from sexually transmitted infections and how to avoid unintended pregnancy, including where to go for advice.

Outcomes

INCLUSION AND DIFFERENTIATED LEARNING

We will ensure RSE is sensitive to the different needs of individual pupils in respect to pupils' different abilities, levels of maturity and personal circumstances; for example their own sexual orientation, faith or culture and is taught in a way that does not subject pupils to discrimination. Lessons will also help children to realise the nature and consequences of discrimination, teasing, bullying and aggressive behaviours (including cyber-bullying), use of prejudice-based language and how to respond and ask for help. (In looking at these questions, it is important to draw links to the school's inclusion policy).

EQUALITIES OBLIGATIONS

The governing body have wider responsibilities under the Equalities Act 2010 and will ensure that our school strives to do the best for all of the pupils, irrespective of disability, educational needs, race, nationality, ethnic or national origin, pregnancy, maternity, sex, gender identity, religion or sexual orientation or whether they are looked after children.

BROAD CONTENT OF RSE

Three aspects of RSE - attitudes and values, knowledge and understanding, and personal and social skills will be provided in three inter-related ways: the whole school / ethos dimension; a cross-curricular dimension and a specific relationships and sex curriculum.

Our programme is outlined in Appendix A

PROGRAMME / RESOURCES

Appendices to this policy provide further information about the programme and resources for suggested use.

Teaching strategies will include:

- establishing ground rules
- distancing techniques
- discussion

- project learning
- reflection
- experiential
- active
- brainstorming
- film & video
- group work
- role-play
- trigger drawings
- values clarification

(See also 'Sex and Relationship Guidance'. DCSF 2000 for more detail)

(During our RSE days, students will have the opportunity to feedback to their teacher in a safe environment where students feel able to discuss these matters).

PARENTS AND CARERS

We recognise that parents (and other carers who stand in their place) are the primary educators of their children. As a Catholic school, we provide the principal means by which the Church assists parents and carers in educating their children. Therefore the school will support parents and carers by providing material to be shared with their children at home and workshops to help parents/carers to find out more. Parents/carers will be informed by letter when the more sensitive aspects of RSE will be covered in order that they can be prepared to talk and answer questions about their children's learning.

Parents must be consulted before this policy is ratified by the governors. They will be consulted at every stage of the development of the RSE programme, as well as during the process of monitoring, review and evaluation. They will be able to view the resources used by the school in the RSE programme. Our aim is that, at the end of the consultation process, every parent and carer will have full confidence in the school's RSE programme to meet their child's needs.

Parents have *the right to withdraw* their children from RSE except in those elements which are required by the National Curriculum science orders. Should parents wish to withdraw their children they are asked to notify the school by contacting the headteacher. The school will provide support by providing material for parents to help the children with their learning.

We believe that the controlled environment of the classroom is the safest place for this curriculum to be followed.

BALANCED CURRICULUM

Whilst promoting Catholic values and virtues and teaching in accordance with Church teaching, we will ensure that pupils are offered a balanced programme by providing an RSE programme that offers a range of viewpoints on issues. Pupils will also receive clear scientific information as well as covering the aspects of the law pertaining to RSE (in secondary schools/academies relating to forced-marriage, female genital mutilation, abortion, the age of consent and legislation relating to equality). Knowing about facts and enabling young people to explore differing viewpoints is not the same as promoting behaviour and is not incompatible with our school's promotion of Catholic teaching.

The DFE guidance defines RSE as "lifelong learning about physical, moral and emotional development. It is about the understanding of the importance of marriage and family life, stable and loving relationships, respect, love and care. It is also about the teaching of sex, sexuality and sexual health"¹. It is about the development of the pupil's knowledge and understanding of her or him as a sexual being, about what it

means to be fully human, called to live in right relationships with self and others and being enabled to make moral decisions in conscience. The DFE identifies three main elements: “attitudes and values, personal and social skills, and knowledge and understanding”². (The Welsh Assembly Government envisages that effective school RSE programmes help learners to develop the skills and knowledge appropriate to their age, understanding and development to enable them to make responsible decisions about their relationships, sexual health and well-being.)

DRAFT

RESPONSIBILITY FOR TEACHING THE PROGRAMME

Responsibility for the specific relationships and sex education programme lays with the relevant curriculum staff; this will normally include science, religious education, physical education, RSE and PSHE).

However, all staff will be involved in developing the attitudes and values aspect of the RSE programme. They will be role models for pupils of good, healthy, wholesome relationships as between staff, other adults and pupils. They will also be contributing to the development of pupils' personal and social skills.

External Visitors

Our school will often call upon help and guidance from outside agencies and health specialists to deliver aspects of RSE. Such visits will always complement the current programme and never substitute or replace teacher led sessions.

It is important that any external visitor is clear about their role and responsibility whilst they are in school delivering a session. Any visitor must adhere to our code of practice developed in line with CES guidance 'Protocol for Visitors to Catholic Schools'

Health professionals should follow the school's policies, minimising the potential for disclosures or inappropriate comments using negotiated ground rules and distancing techniques as other teachers would. They will ensure that all teaching is rooted in Catholic principles and practice.

OTHER ROLES AND RESPONSIBILITIES REGARDING RSE

Governors

- Draw up the RSE policy, in consultation with parents and teachers;
- Ensure that the policy is available to parents;
- Ensure that the policy is in accordance with other whole school policies, e.g., SEN, the ethos of the school and our Christian beliefs;
- Ensure that parents know of their right to withdraw their children;
- Establish a link governor to share in the monitoring and evaluation of the programme, including resources used;
- Ensure that the policy provides proper and adequate coverage of relevant National Curriculum science topics and the setting of RSE within PSHE.

Head teacher

The Head teacher takes overall delegated responsibility for the implementation of this policy and for liaison with the Governing Body, parents, the Diocesan Schools' Service and the Local Education Authority, also appropriate agencies.

PSHE/RSE Co-ordinator

The co-ordinator with the head teacher has a general responsibility for supporting other members of staff. The DFE guidance defines RSE as "lifelong learning about physical, moral and emotional development. It is about the understanding of the importance of marriage and family life, stable and loving relationships, respect, love and care. It is also about the teaching of sex, sexuality and sexual health"¹. It is about the development of the pupil's knowledge and understanding of her or him as a sexual being, about what it means to be fully human, called to live in right relationships with self and others and being enabled to make moral decisions in conscience. The DFE identifies three main elements: "attitudes and values, personal and social skills, and knowledge and understanding".

All Staff

RSE is a whole school issue. All teachers have a responsibility of care; as well as fostering academic progress they should actively contribute to the guardianship and guidance of the physical, moral and spiritual well-being of their pupils. Teachers will be expected to teach RSE in accordance with the Catholic Ethos of the school. Appropriate training will be made available for all staff teaching RSE. All staff have been included in the development of this policy and all staff should be aware of the policy and how it relates to them.

RELATIONSHIP TO OTHER POLICIES AND CURRICULUM SUBJECTS

This RSE policy is to be delivered as part of the PSHE framework. It includes guidelines about pupil safety and is compatible with the school's other policy documents (for example, Bullying policy, Safeguarding Policy etc)

Pupils with particular difficulties whether of a physical or intellectual nature will receive appropriately differentiated support in order to enable them to achieve mature knowledge, understanding and skills. Teaching methods will be adapted to meet the varying needs of this group of pupils.

Learning about RSE in PSHE classes will link to/complement learning in those areas identified in the RSE audit.

CHILDREN'S QUESTIONS

The governors want to promote a healthy, positive atmosphere in which RSE can take place. They want to ensure that pupils can ask questions freely, be confident that their questions will be answered, and be sure that they will be free from bullying or harassment from other children and young people.

CONTROVERSIAL AND SENSITIVE ISSUES

There will always be sensitive or controversial issues in the field of RSE. These may be matter of maturity, of personal involvement or experience of children, of disagreement with the official teaching of the Church, of illegal activity or other doubtful, dubious or harmful activity. The governors believe that children are best educated, protected from harm and exploitation by discussing such issues openly within the context of the RSE programme. The use of ground rules, negotiated between teachers and pupils, will help to create a supportive climate for discussion.

(See also Sex and Relationship Guidance, 4.5 'Dealing with questions' 0116/2000, Department for Education and Employment, July 2000 for more detail)

Some questions may raise issues which it would not be appropriate for teachers to answer during ordinary class time, e.g., where a child or young person's questions hints at abuse, is deliberately tendentious or is of a personal nature.

SUPPORTING CHILDREN AND YOUNG PEOPLE WHO ARE AT RISK

Children will also need to feel safe and secure in the environment in which RSE takes place. Effective RSE will provide opportunities for discussion of what is and is not appropriate in relationships. Such discussion may well lead to disclosure of a safeguarding issue. Teachers will need to be aware of the needs of their pupils and not let any fears and worries go unnoticed. Where a teacher suspects that a child or young person is a victim of or is at risk of abuse they are required to follow the school's safeguarding policy and immediately inform the designated senior member of staff responsible.

CONFIDENTIALITY AND ADVICE

All governors, all teachers, all support staff, all parents and all pupils must be made aware of this policy, particularly as it relates to issues of advice and confidentiality.

All lessons, especially those in the RSE programme, will have the best interests of pupils at heart, enabling them to grow in knowledge and understanding of relationships and sex, developing appropriate personal and social skills and becoming appreciative of the values and attitudes which underpin the Christian understanding of what it means to be fully human.

Pupils will be encouraged to talk to their parents/carers about the issues which are discussed in the programme. Teachers will always help pupils facing personal difficulties, in line with the school's pastoral care policy. Teachers should explain to pupils that they cannot offer unconditional confidentiality, in matters which are illegal or abusive for instance. Teachers will explain that in such circumstance they would have to inform others, e.g., parents, head teacher, but that the pupils would always be informed first that such action was going to be taken

MONITORING AND EVALUATION

The RSE Co-ordinator will monitor the provision of the various dimensions of the programme by examining plans, schemes of work and samples of pupils work at regular intervals. The programme will be evaluated biannually by means of questionnaires / response sheets/needs assessment given to pupils, and / or by discussion with pupils, staff and parents. The results of the evaluation should be reported to these groups of interested parties and their suggestions sought for improvements. Governors will consider all such evaluations and suggestions before amending the policy. Governors remain ultimately responsible for the policy.

Appendix A - Current RSE Curriculum Mapping 2019-20

Year Group	Content Covered
7	<p>RE: Welcome Unit: Students explore the concept of identity and what it means to “belong” to various communities. They also focus on the Church and the Parish community they belong to. Blessing and Fall: Focus on relationship with others and how to say sorry. Students discuss the Story of Creation and explore how this relates to their own lives. Within this context, students look at what a healthy relationship is and they also discuss peer pressure. God’s work of Art: Students focus on St Paul’s teaching: “We are God’s work of Art” and the teachings of the CCC “each person is created individually and is invited to share their giftedness with others and in the life of the Trinity.” Students identify their own unique role in God’s creation and explore what “Accepting of Self” means. They also look at how they can use their gifts for the good of others.</p> <p>Science : Knowledge of sex cells, intercourse and human reproduction. Physical changes to females during pregnancy, labour and childbirth. Changes at puberty to include physical and emotional changes. Citizenship Days: Mental Health Awareness (Positive Relationships);</p>
8	<p>RE: Choices on the journey Unit: Focus on the Conscience and Christian Values. Students also revisit the 10 Commandments and discuss what” Love of God” and “Love of others” means in a practical way. Welcoming the Stranger unit: This unit focuses on “Prejudice and Discrimination” as well as Christian responses to this. The unit includes looking at issues such as racism as well as sexism and other forms as prejudice. The Golden Rule “Treating others like you want to be treated” is a central teaching in this unit. Respect for the Earth and its people: The unit focuses on our relationship with God, his Creation and others. Science : Sexual reproduction in relation to inheritance/genetics. RSE Day: OK in relationships, Online, Having a Baby, The Law, STI’s Citizenship Days: E-Safety (Inappropriate images) Mental Health Awareness(Positive Relationships)</p>
9	<p>RE: Arguments for the existence of God. The unit concentrates on key questions and concepts such as “Why are we here?” and “Being made in the image of God”. RSE Day: Homophobia, Exploited Pt1, Alcohol, Healthy Relationships, Exploited Pt2</p>
10	<p>RE: Roman Catholic unit: The “Personal and Ethical Decision making unit” as well as “The Catholic mission” are two units which focus on decisions we have to make as individuals as well as our relationship with others and God. In the “Catholic Social Teaching unit” students also explore further how to treat others with respect and dignity. Judaism: Students learn about Jewish weddings and are able to compare this to a Christian wedding. Students also look at Pikuach Nefesh (The Sanctity of Life) and again make comparisons with Christianity.</p>
11	<p>RE: Philosophy and Ethics: Marriage and family life: In this unit, students explore different types of families as well as different types of relationships. They investigate in depth how attitudes have changed over the years towards eg. same sex relationships as well as family life as a whole. Students learn about different types of contraception and the RC Church’s views on this. Science : Biology GCSE lessons. Human reproduction, the development of secondary sexual characteristics at puberty. The menstrual cycle and hormones. The artificial control of fertility to include hormonal and non-hormonal methods of contraception. Infertility treatments to include IVF. Evaluation of the advantages and disadvantages of controlling fertility. Sex cells and inheritance including sexual v asexual reproduction. Possible discussions of 'designer babies' in genetic modification topic although not on the specification. Sex determination (XX female, XY male) Citizenship Day: Students study what constitutes a ‘healthy’ relationship. (also look at checking for signs of breast cancer and testicular cancer)</p>
12 & 13	<p>Ethics: In Sexual Ethics, students explore different ethical views on issues such as same sex</p>

relationships, the use of Contraception and marriage.

SME: In SME, students in Year 12 focus on Love for Self, Others and Love for God. In Year 13 students focus on Moral Maze which includes issues such as Sexual Ethics.

DRAFT
